

President Rose, President-Elect Baron, CAAO Executive Board Members and fellow Colleagues,

I hope this message finds you well after a very successful UConn 75th anniversary session. Your efforts and dedication made it fun while very informative as one of the top events run by the CAAO.

I have worked alongside many of you in some capacity over the past 18 years and have enjoyed the benefits our association bestows upon us through its events and deep-rooted comradery.

This message is to call on you for your support as I have filed a petition with the Nominating Committee to consider me a nominee for the 2018 President-Elect candidacy. I have attended many CAAO Executive board, county, CAAO Sub-Committee and IAAO meetings in an attempt to introduce myself and reach out to discuss our many common goals and objectives. The hope is that we can share ideas together that will help continue the success our organization enjoys while addressing the needs of each member. Additionally, my hope is to build on the success President Rose has accomplished throughout his presidency and share my experiences with President-Elect Baron while supporting her initiatives and goals.

Please contact me directly with any questions or concerns you would like to discuss individually.

Thank you for considering me for this candidacy and any communicated support you can initiate.

Best regards,

Tom DeNoto, CCMA II Assessor, City of Bristol
